IQAC NEWSLETTER

MESSAGE FROM THE PRINCIPAL'S DESK...

It is indeed a great pleasure to publish first issue of IQAC Newsletter of 2020 (from January - June, 2020). Due to the onset of covid-19 pandemic the colleges were closed for the students from March and offline teaching in college campus was closed.

In such situation, the college had decided to conduct the online teaching through different digital media. The e-Pathshala was an emerging platform to conduct online teaching. Therefore, we started conducting online teaching along with different online activities like Workshop, Webinars etc.

I would like to extend my heartiest congratulations to the editorial team for putting up efforts to put forward this issue of Bulletin.

I am very grateful to the management for always being there to guide and support us all. I am also thankful to the teaching staff, non-teaching staff, students and supportive staff for helping.

I would like to extend my special thanks to **Shri. Dattaraj Vidyasagar**, who work very hard and took efforts in the creation of IQAC Newsletter.

I am also thankful to the IQAC Committee - **Dr. R. L. Rahatgaonkar and Dr. Poonam Agrawal** and all the members for the efforts on maintaining quality culture in the Institution through IQAC.

Thank You!

Dr. V. D. Nanoty
Principal,

E-PATHSHALA STARTED (14 MARCH, 2020)

The e-Pathshala is created for the students of UG and PG of our college. Variety of study material is available designed by our expert faculties.

The idea of e-Pathshala was to provide quality study material for online learning for the students through a centralized and interactive system during Covid19 Pandemic and the e-Pathshala proved to be the perfect solution for such activity.

More focus on e-Learning. We created e-Pathshala on our website, www.rltsc.edu.in/e-pathshala and integrated the Pathshala with 23 Google Classrooms containing stream-wise students. About 1513 students took online education through e-Pathshala. So the teaching through Google Classrooms and other similar platforms is really effective and the results are very impressive. **Website link for more details:** <http://rltsc.edu.in/e-pathshala>

E-PATHSHALA COORDINATOR SAYS...

First of all I must say that being the e-Pathshala Coordinator is really a proud moment for me. Originally the concept of e-Pathshala was proposed by Honorable Principal Dr. V. D. Nanoty and Dr. R.L. Rahatgaonkar (IQAC Coordinator) on 13 March, 2020. Then under the directions of Principal, I designed the technical framework for it on our college website: www.rltsc.edu.in

The e-Pathshala for senior college was started on 14 March, 2020. Since then, all teachers participated in this activity and supported it by sending their elaborated study material to me through WhatsApp and emails and I promptly started publishing the material, for the students, on e-Pathshala web pages of our college website. You can check the e-Pathshala of the college website, on this link: www.rltsc.edu.in/e-pathshala/

Initially it took about a week to propagate the e-Pathshala concept among students. But by 22.03.2020 as the study material was getting more and more on e-Pathshala, the students were attracted to it and the number of visits on 22 March, 2020 was more than 1500. This was a great success of e-Pathshala. Inspiring with this, I created one Google Classroom for teachers and started posting useful video lectures which would enrich the peculiarities in Google Classroom, YouTube Channel, Video Lecture recording techniques, and many more.

The response of teachers and students grew *exponentially* to the online educational activity of e-Pathshala. The variety of study material started pouring-in and it started enriching the e-Pathshala with variety of study material. The teachers actively responded to the students through e-Pathshala through different media and the students got relieved to have such platform of e-Pathshala, which eased them in their studies as an oasis, in the comforts of their home, during COVID-19 lockdown periods.

I myself feel proud to have been the integrated part of e-Pathshala and thankful to **Principal, Dr. V.D. Nanoty** for giving me this opportunity to work on e-Pathshala as a *coordinator*...!
