Notice for CCLT/DCLT Examination (2021-2022 Batch)

It is hereby informed to all concerned students that, theory and practical examination of CCLT and DCLT is scheduled as per following time table. Examination Pattern for Certificate and Diploma Course in Clinical Laboratory Technology (CCLT and DCLT) is of 200 marks. Mode of examination will be offline and descriptive type.

Distribution of Marks

1. Theory Examination	:	100 marks
2. Practical Examination	:	50 marks
3. Project Report	:	50 marks

Total Marks: 200

- For theory paper there will be 4 descriptive questions on each unit (Total 20 questions on 5 Units) based on the prescribed syllabus. Each question will carry 5 Marks.
- Practical examination will be offline including experiment performance, record submission and viva.
- For project report submit a report on "Basic instrumentation and procedures in Pathology laboratory".
- Project report should be submitted in handwritten hardcopy before 6th may 2022 in Department of Microbiology.

Sr. No	Course	Theory Exam Date	Practical Exam Date	Time
1	CCLT	06/05/2022	07/05/2022	9:00 Am to 12:00 Noon

Important Notice for B.Sc (Internal Assessment)

(Winter 2021)

It is hereby informed to all students of **B.Sc. Biochemistry (B.Sc. I, B.Sc. II and B.Sc. III)** that, as a part of curriculum, department has organised following events for every class. It is mandatory for students to participate in allotted event, as it carries weightage in internal marks. Students who fail to participate in allotted event as per prescribed schedule will not get internal marks. Details of class wise events are as mentioned below.

Sr. No	Class	Event	Internal Marks	Teacher In charge
4.	B.Sc. I (Sem II)	Describe in brief, Importance of biochemical techniques in Biochemistry	08	Ms. M.M. Deshmukh
5.	B.Sc. II (Sem IV)	Project Assignment submission of Group discussion on topic Industrial applications of Enzyme.	10(6+4)	Mr. S.A. Toshniwal
6.	B.Sc. III (Sem VI)	Project Assignment submission of Group discussion on topic Immune response and Hypersensitivity	10(6+4)	Ms. D. R. Goyanka

All students need to submit Hard copy of assignment/essay on in department of Biochemistry/ Microbiology before 22nd April 2022.

Dear Students

Due to short period of time, it is not possible to conduct the seminars in routine way. You are therefore informed to record the video of seminar of yourself on any topic related to the subject chemistry of about 3 to 5 minutes either by using the mobile or any other electronic device and send it to me.

You have to select the topic for seminar from syllabus of B.Sc.-III or any other available material, but it should be related to chemistry. You may take the simple, informative topics from chemistry in daily use or general chemistry. You may also give the seminar on your project assignment topic.

While recording the video, your face should be visible. At the beginning it is essential to mention your name, class, batch, topic etc. You may record the video using ppt. or just by explaining the matter orally.

After recording the video, you have to rename it with the name of yourself and your batch. Finally, send it to me on my mobile no. 9890770318 till 23.03.2022 through WhatsApp.

If you have any query regarding the recording of video, please do voice call on my phone no. 9890770318 or send the WhatsApp message.

Note - Video should not be of more than 5 minutes duration.

Report

(Session : 2021-22)

In order to enable the students of SC, ST, OBC and minority communities, that are in need of remedial coaching to come up to the level necessary for taking higher education successfully and to bring down their drop-out rate and failure, "Remedial Coaching Classes for SC, ST, OBC and Minorities" was started in Shri R.L.T. College of Science, Akola as per the guidelines of UGC from 1st July 2010 under the guidance of Principal Dr. Vijay D. Nanoty. From the session 2018-19, these classes were extended to other academically weaker students.

In the session 2021-22 total 330 students of B.Sc.-II and B.Sc.-III were admitted. Actual teaching was started from 15th October 2021, initially through the online platform of Google Meet, Zoom, YouTube and then after by conducting offline classes. From 8 departments, total 26 faculty members were engaged in the teaching work for strengthening the subject knowledge, upgrading the practical skill and for improving the academic skill and conceptual understanding of the students in various subjects. The subjects covered were Botany, Chemistry, Computer Science, Electronics, Mathematics, Microbiology, Physics and Zoology.

MCQ's, question bank, reading material, books and notes were provided to the students in pdf format and also in the form of printed material. Students were encouraged to participate in various workshops/e-workshops, seminars/webinars, online quizzes and lectures of eminent personalities organized by the college as well as other institutions. Overall coaching was carried out at departmental level on non-remunerative basis.

Study/Educational/Industrial Tour Report 2021-22

Department of Chemistry

Visit Adarsha Goseva Evam Anusandhan Prakalp, Mhaispur

To inculcate scientific temperament among the students, college always encourages a visit to research institutes or industry as a study tour college students. The department of chemistry organized an industrial tour of B.Sc.-II (B1, P4, B6 batches) students to Adarsha Goseva Evam Anusandhan Prakalp, Mhaispur on Friday, 20/05/2022. The journey tour started at 10.00 am after the address of the Hon'ble officiating Principal Dr. R. D. Chavan sir to the students' participants. Mr. Ramakant Bhopale, Manager of Adarsha Goseva Evam Anusandhan Prakalp explained the working of the planted rehabilitation of indigenous breed cow and also explained the laboratory process of manufacturing ayurvedic medicinal products, cosmetics, ointment, syrup, soaps, and some other products from cow urine and cow dung. All the students visited the plant, where we have gone through the processing and chemistry involved in the products and medicines prepared from cow urine and dung. The preparation of fertilizers from cow dung is the most demanding product of the Plant but storage of urine and dung was challenging work as explained by Dr. Kulkarni Sir Head, AGEAP, Mhaispur. A total of 46 students from B.Sc.-II, Chemistry participated in a tour along with **Dr. Pravin Kawle**, In charge, of the educational tour, and Mr. Vilas Ramteke and Mr. Anurag Joshi of the non-teaching staff members.

This active plan of the tour was arranged with the support of **Dr. P. T. Agrawal**, Head, Department of Chemistry, and under the guidance of **Dr. V. D. Nanoty**, Principal, Shri R.L. T. College of Science, Akola.

Abstract:-

Library is growing organism Library and Information Centers (LIC) is growing its prospects. A traditional operation of Library and information is in a critical position. Prime fact here is the combination of zero growth budget, rapid escalating pricing on Information resources and necessary investments in technology, human resources development and increasing Patrons expectations. Library and information centers during the last decades, operating with more or less stable budget during these years. Another important is up gradation of users in comparison to location bound Libraries.

Higher education institutions libraries are trying to facilities and users access to information resources and applicants through the implementation of web-technology, e-books, and e-journals and create own institutional repositories; Emergence of it has made communication process dynamic and interaction across boundaries is now possible, fast and reliable, libraries and information centers should now adopt these technologies to provide Services to their patrons by using mobile phones cellular network, cable television and internet.

In this paper we would like to write up about the changes took place in library origination management and its services.

Introduction :

Libraries initially originated as document prevention system. However with the changes the diverse aspects of the human society, libraries too change changed their role. The modern libraries exist to provide reading services to the humanity. Libraries have always tried to adopt the best

principles and practices of other sciences and disciplines. They have observed and adopt many tactics and strategies of management discipline and commercial world. Customer satisfaction is one of concepts the modern libraries are trying to adapt in to librarianship as 'User Satisfaction'. Libraries desire to fulfill all the expectations of their users. However .at times it becomes difficult. Growing, varied demands are the reason for this.

Re-engineering focused on dramatically changes in quality, speed and smoothness of library functions and to reduce its cost. Mainly change the current process. It is the way to help organization fundamentally rethink how they do work in order to dramatically improve patrons services, cut operational costs and become user friendly.

Objectives:-

A main objective of this paper is to find out the changes in the library services. This took place after invention of ICT and the trends of new services over the traditional library services.

Re-engineering Library services:

Following the major series developed after reengineering with the help of ICT

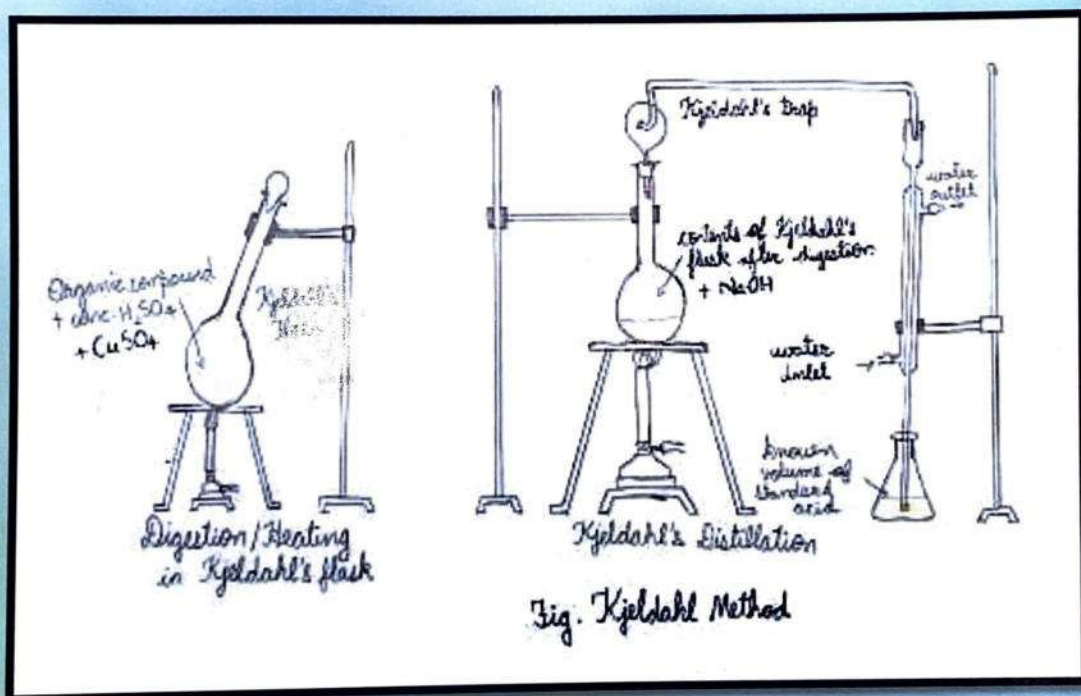

- a) Cataloguing: cataloguing a very document a very easy and at a time multiple volumes can be catalogues. Bibliographic information can be impaired from the stander MARC format database.
- b) Acquisition: Integrated library management software is very compatible with the acquisition of library documents. This takes less time of procure of the documents. Ordering, receiving, billings, accessioning other relevant details can make very easy.
- c) Circulation : It help to changing discharging

- Covid-19 Vaccination Camp:** Covid-19 Vaccination Camp was organized on Thursday, 28th October 2021 by Sri RLT College of Science, Akola in Collaboration with Akola Municipal Corporation under the "Mission Yash Sankhya". Total 95 students above 18 years were administered the doses of Covid-19 vaccine. Parent Teachers Association motivated parents and students for covid-19 vaccination.

- Workshop on "Nutritional Empowerment During Covid Pandemic":** Parent Teachers Association, NSS @ IQAC organized a workshop and an interactive session on "Nutritional Empowerment During Covid Pandemic" for parents and students on 12/01/2022 "National Youth Day".

Welcome speech by Principal Dr. V.D. Nareddy

Mrs. Smital Karnik, The Guest Speaker,

Dr. Anshika Sawarkar, PTA Coordinator

Dr. Rashmi Kumbh, NSS program officer

The Guest Speaker was Mrs. Smita Kante, Assistant professor, Home Science Department, St. ADO's College for Women, Akola. The guest speaker guided them about healthy food and exercise to keep them fit in this Covid Pandemic. About 200 students and parent participants had registered for the workshop. The interactive session was very good. Many students and parents discussed with the guest speaker about their doubts. Principal, Dr. V. D. Narete presided the inaugural function and he guided the participants about the values and good things that flow the work should be. The NSS program officer Dr. Rashmi Joshi, Coordinator of the Program, Dr. S. S. Sawarkar, coordinator of Parents Teachers Association, Mr. Shashikant Inayat member of organizing committee took efforts and worked hard for the success of workshop.

- Parents actively took part in blood group detection and blood donation camp, also awarded prize distribution ceremony (24/12/2021)
- Parents attended Advancement Day programme to appreciate student and staff activities of the college (26/01/2022)
- PTA helped NSS unit in social services like distribution of notebooks among school students of adjacent gram. Apes. Female parents participated in Women's meet organized for village women. (25/03/2022)
- Parents supported the student's activities in sports, seminars, competitions, youth festival etc. by encouraging and sometimes actually accompanying with their wards.

Thus, PTA provides a common frame for interaction of parents, teachers and students so as to improve facilities for academic excellence and supports college.

Teacher Guardian Committee Report

Session 2021-22

The Teacher guardian committee was formed in the staff council meeting on dated 1.08.21, Dr. P.M.Khadse was entrusted as chairman.

Various classes were assigned to the respective teachers as guardians. The concerned teachers looked after the problems of students like

- 1) Difficulties of students regarding slow learners, teacher counsels to parents regarding improvement in the performance of their ward, attempts are made by the teachers to teach them individually, teachers guide the slow learners with the help of remedial coaching, suitable projects, seminar, and paper presentation, specially developed question banks, assignments, and suitable notes are made available to slow learners.
- 2) Tracking marks scored in unit tests thereby tracking slow learners' students and helping these students to recover in their regular studies.
- 3) Teacher guardians conduct/ interact regularly with students assigned to them and find out the academic performance of students and problem reasons for the same. He/She co-relates the result with the categories of the students viz. section of society, physically challenged, slow learners, and economically weaker students.
- 4) Difficulties of students, particularly who travel from nearby places.
- 5) Difficulties pertaining to internet users (due to frequent untimely power cuts.)
- 6) To cater to the problems of general health after regular medical examinations report.
- 7) To help the students in sports and exercise.

Teacher guardians have the proforma biodata of each and every student and maintain the attendance book for calculating the overall attendance of each student of that year and evaluating of academic performance of that particular student.

8) During this academic year 2021-22 total of 27 teachers did their work very successfully as teacher guardians and maintain the progression of the students and their records.
