Assistant commissioner of Fisheries, Akola in partnership with
National Fisheries Development Board, Hyderabad,**

In Collaboration with

Shri R.L.T. College of Science, Akola

From 02 January 2020 to 04 January 2020.

Three days skill development programme on Fresh Water Aqua Culture was organized by Department of Fisheries, Government of Maharashtra, Assistant commissioner of Fisheries, Akola in Partnership with National Fisheries Development (NFDB), Hyderabad in collaboration with Shri. R. L. T. College of Science, Akola.

Introduction

Fisheries is a sunrise sector in Indian agriculture, with high potentials for diversification of farming practices, rural and livelihood development, domestic nutritional security, employment generation, export earnings. This sector provides employment opportunity to people from villages, Farmers, and people who are interested in Fish farming. In the present era of food insecurity, aquaculture shows enormous potential to feed not only the ever increasing human population but also the aquaculture products can be utilized as a feed ingredient in the diets of different domesticated animals of high commercial value. The aquaculture sector has become a modern, dynamic industry that produces safe, high valuable and high quality products, and has developed the means to be environmentally sustainable aquaculture is currently the need in India as elsewhere. Fish farming is the raising of specific species of fish in enclosures or special tanks. The fish raised on farms are primarily for food, though the objectives of this aspect of aquaculture include more than increasing the seafood supply. There are employment and economic advantages, as well as the possibility of sustaining species that might be over-fished if not for the controlled environments of fish farms.

Objectives

1. To introduce welfare schemes for upliftment of fishermen community and farmers.
2. To provide guidance, resources and support system.
3. Effective utilization of aquatic and land resources.
4. To promote culture fisheries in the state by utilizing all the available resources to boost fish production.
5. To propagate fish culture to provide avenues of earnings to the uneducated, educated unemployed people and farmers.
6. To develop recreational fisheries as means of earnings.

Day 1 (02-01-2020) Thursday

On first day Inauguration of training programme was held at Shri. R. L. T. College of Science, Akola. This function was held in presence of Adv. Motishaji Mohta, Hon. Secretary The B. G. E. Society, Akola as inaugurator and chief guest, Shri. Suresh Bharti Assistant Commissioner of Fisheries was President of function in presence of Dr. V. D. Nanoty, Principal Shri. R. L. T. College of Science, Akola, Shri. Vinod Rathod, Fisheries Development officer, Dr. Sudhir Kohchale Coordinator of programme, Dr. Archana Sawarkar Organizing Secretary, Shri. Dipak Wankhade. Dignitaries addressed the participants and audience this programme was conducted by Dr. Archana Sawarkar and Dr. Sudhir Kohchale proposed vote of thanks.

Technical Session 1

In the first technical session Ashitosh Jadhao assistant fisheries development officer delivered his talk on Tilapia farming methods. He explained how tilapia was introduced in India, and benefits of culturing Tilapia as tilapia can be cultured throughout the year and its density is more than other fishesh like Rohu, Catla etc. also it can grow at faster rate than rest of the fishes it is monosexual and can reverse its sex. It can tolerate harsh environment conditions and grows faster so beneficial in farming proving good revenue.

Technical Session 2 and 3

Shri. K. S. Badihaveli, Fishries Development Officer delivered lecture on **site Selection for Aqua culture and Fresh water Pearl farming**, in his talk he elaborated on selecting good site for aqua culture and how water salinity, pH, temperature effects the fish culture, also he explained the effect of topography, soil type on Aquaculture. He emphasized more on ecological, economical, social aspects while selecting the site. In pearl farming he explained collection by hand picking, acclimating and implantation methods. He explained two methods of implantation namely Gonadal Implantation and Muscle implantation, post stocking management and Harvesting techniques.

Technical Session 4

In third technical session Ashitosh Jadhao assistant fisheries development officer delivered his lecture on Integrated culture System, where he explained integrated fish farming is one of the best example of mixed farming. It refers to the simultaneous culture of fish of shell fish along with other culture system. The integration of aqua culture with livestock or crop farming provides quality protein food, resource utilization, recycling of farm waste, employment generation and economic development.

Technical Session 5

Dr. Archana Sawarkar, Assistant Professor Department of Zoology delivered her talk on Fresh water Fishes. She explained how fresh water fishes differ physiologically from salt water fishes in several respects like, their gills must be able to diffuse dissolved gases while keeping the salts in the body fluids inside. Their scales reduced water diffusion through the skin therefore the fish that have lost too many scales will die. She included morphological slides of fresh water fishes in her power point presentation.

Day 2 (03-01-2020) Friday

Field Visit to Mahan (IMC breeding and Culture Techniques)

On day second with all participants visited Katepurna Breeding Centre at Mahan , where technical guidance was provided by Shri. Vinod Rathod, Fisheries Development officer. Firstly he explained different Indian major carps like Catla catla, Labeo rohita and Cyprinus carpio he talk about identifying male and female fishes. He introduced the visitors about overhead water storage tank; it is used to supply sufficient water for spawning, incubation and storage tanks. He explained all the techniques of culturing fishes, breeding techniques, types of breeding, types of tank etc. Participants also observed water filtering plant which reduces the adulteration of our fish tanks by the eggs of other species.

Day 3 (04-01-2020) Saturday

Technical Session 6 and 7

Amita Jain, Asstt. Fisheries development officer she delivered her lecture on Fish in Human Diet and Value aided fish Farming. She explained how fish plays important role in

fighting hunger and malnutrition. Fish is not only a source of proteins and healthy fats, but also a unique source of essential nutrients including long chains Omega-3, Fatty acids, Iodine, Vitamine D and calcium, a small fish eaten whole containing nutrients in the skin and bones clearly illustrates sea food's irreplaceable nutritional value.

These students are going to become the future teachers and In view of today's pandemic condition of Covid-19, we feel it is today's demand that these upcoming students must be aware of all e-contents and digital skills of teaching and learning. And on demand from Govt. B.Ed. College Akola Shri R.L.T.College of Science took this initiation to organized this Add-on course for them without disturbing their routine teaching learning process.		
Support/ Assistance	Shri R.L.T. College of Science, Akola		

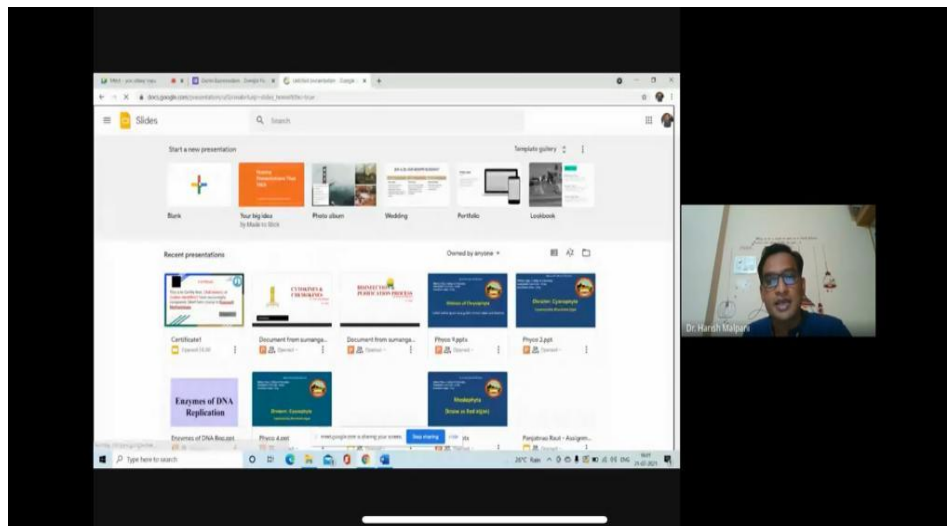

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO)

<p>TOPIC/ SUBJECT OF THE ACTIVITY</p>	<p>Online One-Month Add-On Course on 'Digital Skills for Creative Student-Teachers (DISC)</p>
<p>OBJECTIVES</p>	<ol style="list-style-type: none"> 1. To provide the information and skill to the student-teachers about the various e-content. 2. To motivate the students to use e-content in their seminars 3. To Promote generation of e-Content in all subjects 4. To make aware the student-teachers about various e-content & how can they used in it to make their teaching-learning process more effective. 5. To make available the e-content to them through various delivery modes for formal and non-formal education, for supplementing and complementing teaching.
<p>METHODOLOGY</p>	<p>The whole world is facing the pandemic condition of cov0id-19. This situation affects the complete life of people. In such condition it is a duty of teacher to boost the moral of the students. The situation teaches everyone that we should be ready for teaching- learning in all conditions because how can one stop the education of the students. As from many years we are using the traditional methods of Black board for teaching it is quite difficult to switch towards the modern computerized method of teaching-learning. Teaching in online environment requires specific set of skills. Online teachings necessities moving beyond the traditional padeology. To adopt new more facilitative practices teachers needs training and support to be willing to adopt new teaching paradigm In view of this Shri R.L.T.College of science faculty members have took initiation to arrange one such digital skill development programme for the student of B.Ed. College who were soon going to become the teachers. This course is designed to equip learners with essential digital skills for the modern century workplace.</p> <p>The faculty development programme was organized by Shri R. L.T. College from 10th July to 8th August 2021. In this programme day wise digital skill development activities are there, like opening of goggle account, google class, preparation of video lecture etc. Assignments were also given so that there should be liveness in the programme. Our expert faculty by their videos or direct live teaching have explained all the concept to the participants. Day wise activity was there. This one month programme help all the students to develop digital skill without paying a single rupees for it during the pandemic condition of corona.</p>

OUTCOMES	<ol style="list-style-type: none">1. Total 240 participants get benefited by this workshop which is actually a big outcome.2. Students get aware about various digital skills of teaching-learning.3. All round development of Teaching personality of student-teacher as Techno savvy is done.4. At the end of this workshop participants should come to know....<ul style="list-style-type: none">• .How to open google account.• How to create our own google• How to assign the work, check the test in google class.• How to create our video-lectures.5. Self-confidence is developed among the participants towards modern teaching.6. They Come to know the different digital skills7. Participants teachers have developed their own e-content.

One week Certificate Course on

“Skill Development for Pharmaceutical Industry”

Jointly organized by Microbiology departments of Shri. R.L.T College of Science, Akola and Shankarlal Khandelwal College, Akola and Global Institute for Self-Motivation

Date: 9/05/22-15/05/22

The Indian pharmaceutical industry is the world’s 3rd largest by volume and 14th largest in terms of value. Major Segments of Pharmaceutical Industry are Generic drugs, OTC Medicines and API/Bulk Drugs, Vaccines, Contract Research & Manufacturing, Biosimilars & Biologics. India has the second-highest number of US FDA approved plants outside the US and is a global leader in the supply of DPT, BCG, and Measles vaccines. India accounts for 60% of global vaccine production, contributing 40-70% of the WHO demand for Diphtheria, Tetanus and Pertussis and Bacillus Calmette–Guérin vaccines, and 90% of the WHO demand for the measles vaccine. India is the largest provider of generic drugs globally. Access to affordable HIV treatment from India is one of the greatest success stories in medicine. India is one of the biggest suppliers of low-cost vaccines in the world. Because of the low price and high quality, Indian medicines are preferred worldwide, thereby rightly making the country the “Pharmacy of the World”. Pharma sector currently contributes to around 1.72% of the country’s GDP. Owing to India being a major component of the country’s foreign trade, it brings with attractive avenues and opportunities for the youth.

With this increase in the global pharmaceutical industry opportunities in India, it is important to inform and prepare the rural youth about the job opportunities in the same. The Department of Microbiology of Shri. R.L.T College of Science, Akola and Shankarlal Khandelwal College, Akola and the Global Institute for Self-Motivation undertook this task and jointly organized One week Certificate Course on “Skill Development for Pharmaceutical Industry” for the students in Vidharbha region. This was a novel program initiated by the Berar General Education Society and Shikshan Prasarak Mandal, Akola. The mode of the workshop was both offline and online for the comfort of the participants.

The inauguration ceremony of the workshop was conducted in the Auditorium of Shri. R.L.T College of Science, Akola. Adv. M.G Mohta (President, The B.G.E. Society, Akola) was the

inaugurator of the workshop. The dais was graced by Mr. P.N Maheshwari (Hon. Secretary, The B.G.E Society, Akola), Prof. R.D. Chaware (Vice-president, Shikshan Prasarak Mandal, Akola), Shri. A.Y. Kulkarni (Vice-president and Treasurer, Shikshan Prasarak Mandal, Akola), Dr. V.D. Nanoty (Principal, Shri. R.L.T College of Science, Akola), Dr. J.M. Saboo (Principal, Shankarlal Khandelwal College, Akola), Dr. R.L. Rahatgaonkar (IQAC co-ordinator, Shri. R.L.T College of Science, Akola), Dr. A.R. Deshpande (Head, Department of Microbiology, Shankarlal Khandelwal College, Akola), and the Resource person of the event Dr. Anil Fokmare (Director, Global Institute for Self-Motivation).

The participants came from various colleges in Vidharbha region including Shri. R.L.T College of Science, Akola, Shankarlal Khandelwal College, Akola, Shri. Shivaji College of Science, Arts, Commerce, Akola, and Shri. D.M. Burungule Science and Arts College, Shegaon. About 143 participants were involved in the workshop.

The inaugural ceremony was followed by the first day of the offline course. In the first session, Dr. Anil Fokmare introduced the students to basics of pharma industry, working and daily protocols of operations followed in the pharma industry. His interactive session also covered the importance of Good Manufacturing Practices (GMP) and the methods to maintain GMP standards in the industry. He made the students aware of the standard operating procedures that enable smooth and accurate functioning in industries. Through his presentation, he showed various areas in a working pharma laboratory and the do's and don'ts in these areas. He explained how simple habits can lead to maintenance of the GMP protocol and save the products and batches from contamination and spoilage.

The workshop also focused on the instruments and equipment quantification in pharma industry with respect to the design, installation, operating, and performance. It also included the certification and training details in pharmaceutical labs. The participants learnt about the role of microbiology laboratory in pharmaceutical research sector along with its key components like sterilization, safety measures, and machines. Good laboratory practices (GLP) are an important part of any laboratory. Similarly, GLP are followed in pharma industries to ensure that the products are accurate. Dr. Anil Fokmare educated the students regarding the various methods of GLP and the importance of following GLP protocols.

In the second session, the workshop was graced by Shri. V. Ranganathan, Ex-chief secretary of Maharashtra state. He is a retired civil servant from the IAS cadre with decades of distinguished service at senior level in state and central government. He currently devotes his time to social organizations and advises a prestigious trust and coordinates its activities. He encouraged the students to attend such workshops and emphasized on the need to make the students ready to face the corporate world. He also congratulated the associated colleges, staff and students for organizing the workshop.

Dr. Anil Fokmare concluded the session with feedbacks from the participants. The participants expressed that the 7-hour workshop was interactive and valuable in terms of learning.

The second day of the offline workshop was conducted in the Auditorium of Shri. R.L.T College of Science, Akola. The participants were exposed to various opportunities in pharmaceutical industries and the ways they can apply for specific positions. They also learnt about the career opportunities associated with pharma sector including clinical data management, analytical and green chemistry, regulatory affairs, consultation, sales representative, and others. Not only this, they were also informed about the certification and experience required for these jobs and the companies that hire freshers for work. The resource person also emphasized that candidates from all fields of life science and chemical science are employed and trained according to their requirements and area of expertise.

The participants were given a general idea about the instruments by visiting the laboratories of the college. This included microbiology, biochemistry, and chemistry labs. The session was progressed by exhibiting the techniques used in a microbiology lab which included basic tests for calibration, enumeration, and sensitivity and advanced tests like PCR and chromatography. During the lab visit, the participants were demonstrated the protocol of dressing and the importance of wearing the required attire which included cap, gown, shoe covers, and hand gloves. The hazards and problems associated with not following these protocols were also discussed. The laminar air flow containing HEPA filters were also shown and the importance of having an aseptic condition in microbiology was discussed. The other instruments were autoclave, hot air oven, incubator, ultrasonic bath, pH meter, colorimeter, spectrophotometer, and other glassware.

After the instrumentation session, the participants were exposed to the techniques

used in microbial identification. This included various media used in the lab along with other conditions that need to be maintained in order to promote the growth of microbes.

The day was concluded by a mock drill of the SOPs followed in a microbiology lab in pharma and the students actively participated in it.

The third day of the workshop was conducted in the Bhausahab Godbole Sabhagruh of Shankarlal Khandelwal College, Akola). The president of the event was Shri. Gopalji Khandelwal (Secretary, Shikshan Prasarak Mandal, Akola) and the guests of honor were Adv.

M.G. Mohta (President, The B.G.E. Society, Akola), Shri. P.N Maheshwari (Hon. Secretary, The B.G.E Society, Akola), Shri. A.Y. Kulkarni (Vice-president and Treasurer, Shikshan Prasarak Mandal, Akola), Dr. Anil Fokmare (Director, Global Institute for Self-Motivation), Dr. V.D. Nanoty (Principal, Shri. R.L.T College of Science, Akola), and Dr. J.M. Saboo (Principal, Shankarlal Khandelwal College, Akola).

The first session was started with feedbacks from the participants about the overall workshop of the initial two days. The participants expressed pleasure and gratitude that both the societies and colleges conducted such an informative workshop. Most students accepted that they were worried that a 7-hour workshop every day would be monotonous and involve lotsof reading and self-study, but they were happy that the course was informative, well- structured, engaging, and easy to understand. Many participants appreciated Dr. Anil Fokmare for being very enthusiastic and keeping them captivated with his activities. Theyalso shared that the assignments and projects given to them were benefitting and promoteddeeper understanding of the subject.

The highlight of this day was a 'Book launching event' of 3 Practical handbooks—i) Applied microbiology and biotechnology, ii) Environmental microbiology and biodiversity, and iii) Immunology and medical microbiology. These books have been authored and edited by the microbiology teachers of Sant Gadge Baba Amravati University, Amravati and published by My Rays Book Publication Center founded by Mr. Rajesh Dhakane and powered by International journal of microbial science.

The workshop was continued after the feedback session and book launch event. This day of the workshop focused on Good Documentation Practices (GDP) in pharma sector. Dr.

Fokmare explained that to ensure smooth functioning of any industry, it is important to follow the guidelines mentioned for the documentation of every action. Documentation is an authenticated proof for GMP compliance and is a crucial part of the quality assurance system. Before documenting, the processes are validated, instruments are calibrated, staff is trained to maintain protocols, and SOPs are established. The documentation is examined during routine and annual audits and any problems in the documentation could lead to termination of the batch of products or cancellation of licenses. These were discussed in the workshop.

The workshop ended with a mock interview session to build confidence in the participants. The students were interviewed and were provided constructive feedbacks on their performance. They were also conveyed if they would be selected or not on the basis of the interview. The day was filled with hands on training and interview demonstration and the participants benefitted from it. The last 3 days of the workshop was conducted online using the Google Meet platform. The participants were asked to keep the camera on to ensure complete attention. These days emphasized on providing the students with information regarding the process of GDP and GMP compliance and the systems of auditing. Dr. Fokmare focused on the importance of document compliance and errors that occur during the same. He explained how 'root cause analysis' is done after finding the errors. The 'corrective action preventive plan' was also discussed by giving some examples from the industry. The Code of federal regulation (CFR) was explained along with its standards. Data integrity is simply the maintenance, assurance, accuracy and consistency of data and is of utmost importance. It can lead to many repercussions if not dealt with care. It aims to prevent any unwanted and unintended changes to information.

The one-week workshop was successfully conducted by the combined efforts of all participants, resource person, teaching and non-teaching staff of Shri. R.L.T College of Science and Shankarlal Khandelwal College, Akola, and the Berar General Education Society and Shikshan Prasarak Mandal, Akola.

Guest Lecture
on
How to improve communication skill in English
Language

The next day after celebrating The B G E Society's foundation Day, on 16th January 2020, Thursday The department of Languages organized a guest lecture of Dr Radheshyamji Modi sir who is a very famous personality in Akola who is known for his social welfare work in the city and outside. The topic of the lecture was how students can improve their English language communication. The introduction to the guest was given by Mr A B Khedkar. Then Dr. Modi started guiding students at 10:15 am in the morning at the very outset he urged students to improve their creativity and try to write something in English on their own and don't copy others further he moved to communicative aspect he urged students to improve their language skills English by using proper vocabulary and phrases for that he recommended reading good books .he also instructed then to avoid reading on mobile phones, tablets for long time when they can read from books more importantly by using English in friend circle . He made students aware that students have to learn correct English if they want to survive in a cut-throat competition when every candidate is trying to prove himself or herself that he or she is no less than others, about 15 students attended the lecture. students applauded a lot and were very much enlightened to listen to Dr. Modi. A vote of thanks was proposed by Mr.Mohit Ambuskar.

Celebration of Marathi Rajbhasha Din

Marathi Rajbhasha Din was also celebrated with great zeal on 28th February 2022 as it was Sunday on 27th. This is the day on which every year Marathi language is honored.

On this day is the birth Anniversary of great Marathi poet Kusumagraj. As Marathi is a mother tongue of most of the local students, This programme was initiated by Marathi Teachers Dr S E Rekhe and Mrs Dange madam under the guidance of our visionary principal sir Dr. V.D Nanoty, who always motivates his staff to carry out quality programs like this .

These Teachers encouraged students to come on the stage and present their best speeches, poetry, stories, best lyrics of Marathi language. About 15 students came on the stage and performed outstandingly. This program took place in the classroom no 20. at 8:00 am. Students enjoyed this program very much.

“How to introduce yourself & How to Improve English
Communication skills”

On 29th August 2022, Department of Languages conducted One day Workshop on **“How to introduce yourself & How to Improve English Communication skills”** in Shri R L T college of Science Akola. The workshop began sharply at 02:30 pm.

Head of Department of Languages Mr. Arun B. Khedkar officially gave introductory remark after welcoming the participants.

The first session of the workshop was taken by Mrs. Harshal P. Ganvir. She said introduction is very vital to any communication because “First impression is the last impression”. It creates the image in the mind of audience. For effective communication, she cited 9 golden thumb rules to the students.

The second session was conducted by Mr. Arun B. Khedkar. He emphasized the need & importance of communication skills in academics and professional life. He suggested some important points which will be helpful for effective communication.

Honourable principal Dr. V. D. Nanoty encouraged the students to enhance communication skills. He said that it can be achieved by using English language in day to day communication.

The Workshop was successful as about 72 students were present in the hall and they appreciated a lot. The workshop was organized as per the guidance and instructions of

the principal Dr.V D Nanoty who always encourages faculties to organize such programs that will benefit students.

Department of Microbiology in collaboration with Microbiologist Society India and IQAC organised State level Seminar for P.G. students and Poster competition for U.G. students under the theme 'My Health, My Responsibility: Complementary to Medicine and Healthcare' and Teacher's workshop on 'Teaching Constraints in Microbiology and Allied Sciences' on Date 28th February, 2019, on the occasion of National Science Day. The event was inaugurated by Dr. A. M. Deshmukh [President, Microbiologist Society India] in the presence of Dr. V. D. Nanoty [Principal, Shri RLT College of Science, Akola]. The event was presided by Dr. R. B Heda [President, The Berar General Education Society, Akola] and Adv. Motisingh Mohta [Hon. Secretary, The Berar General Education Society, Akola], Mr. Sharad Chaware [Joint Secretary, The Berar General Education Society, Akola] and other executive members of The Berar General Education Society, Akola graced the dais. Dr. Awasthi, Dr. Wakte, Dr. D. H. Tambekar and Dr. Zia Khan were present for the workshop. The event was inaugurated by Dr. R. B Heda and it benefitted approximately 325 students, teachers, and researchers from various universities. Dr. H.S Malpani gave the introductory speech which stressed upon why and how we are responsible for our own health. Dr. V. D Nanoty welcomed the guests and highlighted the achievements of the college and how students are responsible for the upliftment of the society. Dr. A. M Deshmukh congratulated the college for successfully organizing state and national level workshops, which would not have been possible without the help of the management. Taking this opportunity, Prof. K. D Pensionwar [Chikhali] was felicitated for his endless dedication in the field of microbiology. Dr. Sudhir Kohachale conducted the session, whereas Dr. U. K Bhalekar proposed vote of thanks.

The keynote addresses, Dr. A. M Deshmukh, addressed the event and gave information about health, infections and responsibility of individual as well as society towards community health. Dr. Shiva Aithal delivered invited talk about exercise and its benefits.

Criterion V: Student Support and Progression

Under the theme 'My Health, My Responsibility,' a poster competition was conducted for the UG students. Over 300 students participated in this event. In this competition, Mr. Sagar Dubey [Shivaji College of Arts, Science, Commerce, Akola] stood first, Ms. Viral Chandra [Adarsh Mahavidhalaya, Dhamangaon] stood second and Ms. Pallavi Sonone [Shri RLT College of Science, Akola] stood third. Similarly, PG students participated in the seminar competition. Mr. Yogesh Bele [SGBAU, Amravati] stood first, Ms. Nivedita Dhurde [Shivaji College of Arts, Science, Commerce, Akola] stood second and Ms. Priyanka Nalwade [HPT Mahavidhalaya, Nashik] stood third. These events were conducted by Dr. Sudhir Kohachale and Dr. H. S. Malpani proposed vote of thanks.

The teacher's workshop was themed as 'Teaching constrains in microbiology and allied sciences' and was chaired by Dr. D.H. Tambekar [UG] and Dr. A. M Garode [PG]. Faculties from SGBA University, Amravati and other universities discussed about problems in teaching and syllabus upgradation. Student participants also gave their views on the need to upgrade the syllabus to meet the targets of competitive examinations.

Subject - Regarding evaluation of osteoporosis in high risk population of your office.

Respected sir,
I.M.A. Akola, Rotary club, Akola and Shri Arvind Hospital, Akola are planning to identify high risk office working population for osteoporosis. Osteoporosis makes bones brittle and increases risk of fractures. Early evaluation and treatment of osteoporosis reduces chances of fracture and gives healthy and independent old age.

We will be using BMD i.e. bone mineral density by calcaneal index to evaluate osteoporosis, which will be arranged for your employees, free of cost by Shri Arvind Hospital, Akola.

Kindly communicate suitable date for your office in view of this Program. Screening of osteoporosis can be carried out of any suitable place or at Shri Arvind Hospital, Akola.

This data will be submitted to Health authorities of Akola.

Thanking you.

(Training & Assessment Test)

Department of computer science & I.T. organized *Spoken Tutorial Project* in feb-2018 and online assessment test conducted on 30-04-2019, it is the part of is about teaching and learning a particular FOSS (Free and Open Source Software) like, C/C++, Java, PHP & MySQL, Libre Office etc. via an easy Video tool - Spoken Tutorials.

This training is offered by the Spoken Tutorial Project, IIT Bombay, funded by National Mission on Education through ICT, MHRD, Govt., of India.

Spoken Tutorial Project is in following phases: Training & Assessment Test as mentionabove.

Details of Online Workshop & Training & Assessment Test is as follows:

- After enrolling the name of the students for one of the FOSS, there after one month training through self learning course material (Audio Visual) provided by the Talk To A Teacher project at IIT Bombay. We provide this training material in soft copy to enrolled students and also installed it on few computer systems in computer science laboratory for those students who doesn't have their own computer system (These tutorial are also run able on mobile devices.)
- After one month of self learning training by using computer/mobile system. There is online assessment test conducted by remotely from IIT Bombay, it is a pre-requisite for completed the training and if student scored this test with 40% marks then issue Certificate which are offered by the Spoken Tutorial Project, **IIT Bombay**.
-

In Final Assessment Test as a Free and Open Source Software on C++ which is online remotely conducted by IIT Bombay, 07 students from B.Sc. III successfully completed this training and issued Certificates which are offered by the *Spoken Tutorial Project, IIT Bombay*, which are very valuable in their career point of view.

List of Students Registered also successfully passed the assessment test with above 40 %marks in this test and issued Certificates:

Online Faculty Development Programme FDP
on Latex

Department of Computer Science & IT of Shri R. L. T. College of Science, Akola MS, organized Online Faculty Development Programme FDP on Latex in collaboration with Spoken Tutorial Project, IIT Bombay for college faculty members.

LaTeX is a markup language used for the purpose of typesetting. Currently, many academic papers, scientific or technical papers use LaTeX to embrace a top-notch layout. It also eases the readability of a document by enhancing its appearance.

Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) via easy videos tutorials.

Registration of FDP was stated from

Registration of FDP was taken on 26 & 27 April and from 27 April 2020 Online-FDP was started with 49 participants from our college and other college as well, out of 49 participants 27 participants successfully passed the assessment test.

For the organization of online FDP Mr. Ram B. Ghayalkar, Asst. Professor of department of Computer Science work as coordinator, Prof R. G. Chavan of Electronics Department work as Convener and Principal Dr. V. D. Nanoty as Advisor of this FDP.

Department of computer science & I.T. organized *Spoken Tutorial Project* for student of M.Sc. I, their registration/ training were organized in June / July -2020 and online test conducted on 06-08- 2022. In this training students learned FOSS (Free and Open Source Software) Java by Audio- Videos Spoken Tutorials.

Spoken Tutorial Project is followed by Training & Online Assessment Test remotely conducted by IIT Bombay, qualified students (Above 40% marks) offered certificates by IIT Bombay.

This training is offered by the Spoken Tutorial Project, IIT Bombay, funded by National Mission on Education through ICT, MHRD, Govt., of India.

In Final Assessment Test on **JAVA language** test 12 (out of 15) students got qualified and issued **Certificates** which are offered by the *Spoken Tutorial Project, IIT Bombay*, which are very valuable in their career point of view.
