

#### Alumni Report 2018-19

#### 1. One Day Work shop on Self Employment : Manufacturing of Fragrance Stick dated 12 Aug. 2018

CRYSTAL Club Department of Chemistry organizes one day work shop on manufacturing of fragrance stick to make the students self employed and to develop a practical skill among the students. Mr. Abhijit Chalse Alumni of our department give the demonstration on How to make the fragrance stick and which chemicals were used to make various types of fragrance. A part from this these cond part of work shop includes the environmental friendly fragrance preparation by using the temple waste known as, Nirmalya ".This is the best part of work shop. Student themselves prepared the stick by suing the Nirmalya & sold this sticks to the Teaching and Non–Teaching staff members of the college and money collected from this activity was donated for Kerla Flood.

#### 2. Inauguration of Digital Classroom

AlUMNA of Our Hon. Dr. Ranjit Patil Minister of Home Affairs inaugurated our 3 Digital Class room (4 Sept. 2018)

Alumna of Our Hon. Dr. Ranjit Patil, Minister of Home Affairs arranged Mega Job fair 4 October 2018 and Job Fair on 05 Jan. 2019 for our college students

9. Our College Alumna Capt. Anshu Jagmohan Sinha visited our and motivate the students of NCC His posting at Assam4GR

### **Guest Lecture**

Date:

Shri R.L.T. College of Science , Akola Department of Mathematics Guest Lecture Report

On the occasion of Golden Jubilee celebration of Shri. R.L.T. College of science the department of mathematics in collaboration with the Alumina Association And IQAC organized a guest lecture by **Mr. V. L. Ruiwale Ex Asso Professor of Shri R.L.T College of Science, Akola** on **12 Oct 2019** in Room no 19. The members of the organizing committee were Dr.R.L. Rahataonkar (NAAC Co-ordinator), Dr. S.B. Tadam (H.O.D), Dr. S. L. Munde, Mr Y. O. Heda. On the topic "Mathematical patterns of share market fluctuations" All the students of first and second year M.Sc (Maths) attended the lecture.

The president of the program was principal Dr. V. D. Nanoty sir, the program was also graced by the presence of Mr. M.R. Ubale (librarian) & Mr. R.M. Agrawal (AsstProf), Mr. Manish Sachdev & Mr. Nilesh Deoke financial Advisory since 15 years. The introductory speech was given by Dr.S.B. Tadam (H.O.D) where she advised the students on the importance of application of mathematics and its uses she also emphasised on the uses of mathematics and its vast applications in the field of share market, whereas the presidential speech was delivered by the principal Dr.V.D. Nanoty sir, in his speech he glorified the 50 years that the college is about to complete this year, how the college has served to build the lives of many students and how they are working in various fields. He also motivated students to gain knowledge to build a strong future

After a short introduction about the speaker given By Miss Asma Fatima, Mr.V.L. Ruiwale, he began his lecture, giving a brief in sight on sharemarket he moved on with the mathematical aspects in calculating the trends in the share market, he explained in brief about various topics that effect the rise and fall of the company, He explained various terms like EPS i.e. earning per share and DEMA i.e. day exponential moving average and how to findthefeasibletimetobuyandsellastockusingtheseguidelines, the lecturewasquiteproductive for all the listeners who wanted to have knowledge on how to invest their money and how to grow it.

He said that investment should start from a young age. In addition, during the lecture, the students learn how to calculate the risk factor in the markets. He advised the students to learn relevant theory before entering the market and how not to play the blind game. During his lecture, Mr. Ruiwale displayed the quotations of several renowned scientists such as Einstein, to bring out the importance of gaining practical knowhow along with theoretical knowledge. He drew many graphs to explain the students the actual fluctuations and how to interpret these graphs and lines; he was keen on giving the information about the terms that are used by the analysts in share markets and trading sector. The lecture was not only informative but also aspired students, teachers and all the listeners to gain an insight on financial planning.

Dr. S. B. Tadam H.O.D., Dept. Of Mathematics

## Seminar on "Job Opportunities in Industry"

Organized by the Crystal Club of Department of Chemistry In Collaboration with

Career Counselling Cell of Shri R. L. T. College of Science, Akola &

**Microns Cell of Department of Microbiology** 

Dated On Monday, 27<sup>th</sup> December 2021

Speaker: Shri Prasad Pangarkar (Alumni of our college) (Assistant Vice-President Reliance Industry Mumbai) Crystal Club of Department of Chemistry organized Seminar on Job opportunities in Industry for the Post graduation department of Chemistry and microbiology students. Mr. Prasad Pangarkar delivered the lecture on this topic.

A chemical engineer by profession, Mr. Prasad Pangarkar is analumnus of RLT Akola. Mr. Pangarkar graduated from LIT Nagpur. He completed his post-graduation from UDCT Mumbai and joined the industry. He has nearly two decades of industrial experience which spans in the domains of operations, technology, research, engineering & projects, process automation & business management.

He started his career at Reliance Industries Ltd at the Patalganga Manufacturing Division and has handled various projects in different capacities. After an initials tin tin operations, he moved to there search & technology function. Among the various assignments handled by him, notable were the studies towards packed bed & CSTR react or modelling, recovery of value added chemicals from residue, and effluent degradation studies of polycarboxylic acid. He later worked in the engineering & projects domain and was part of erection & commissioning of then one of the largest capacity purified terphthalic acid (PTA) plant. After completing his course from IIM-Bangalore he briefly worked in the capacity as executive assistant to the Technology& R&D head. Later he was associated with the management projects viz the business transformation at Reliance.

He has represented at various seminars and conference sand has also contributed for a chapter on reactor design in the book Design of Multi phase Reactors "by Wiley Publications. He is the

Recipient of the "Outstanding Young Chemical Engineer" award which was best owed by the Indian Institute of Chemical Engineers. He has also received the National award i.e. the "NOCIL award for excellence in design or development of process, plant & equipment" during the annual chemical engineering congress – CHEMCON-2011. He has a patent in his name on the same.

His interests lie in the field of new product development, scale-up and process automation. He is presently working at the Reliance Technology Centre of Excellence as group lead (Assistant Vice President) for process design, scale up and process automation projects.

Dr.V.D. Nanoty sir was the President of this Programme. Dr. Poonam Agrawal, Head Department of the Chemistry was the organizing secretary of the functions. The programme was graced by the presence of Dr. P. P. Deohate, Associate Professor, Department of Chemistry, Dr. Harish Malpani, HOD Department of Microbiology and Dr. Aashish Sarap, Assistant Professor Department of Chemistry. The Programme was conducted by Dr. Kavita Heda.

The Programme begins with the floral welcome of the guest.

### Workshop on Awareness programme of Mobile Radiation

Department of electronics and alumni association, Environment cell in collaboration with IQAC organised workshop on awareness programme on mobile radiation dated 30 september2021 in digital classroom in our college. the Guest of honour our alumna Mrs. Renuka Digamber, Nagpur gives us the lecture in our college for teaching and non-teaching staff members with slides shows and videos about the radiation of mobile harmful for our human body.

She has then given us how to prevents that radiation by using MODI Care Chip on your mobile. then that radiation converts into other form of waves that are not harmful to our body.
