

Birds of Akola

The project entitled “Birds of Akola” is a piece of work carried out by B.Sc. II (Sem. IV) students under supervision of Dr. Archana S. Sawarkar. It is an innovative participatory learning project which included 329 species of birds from 69 families found in Akola region. Information about habit and habitat, general characters, feeding behaviour and ecological importance of each bird is given. Proceeding of the project was released by the hands of Dr. R. B. Heda, President, The B.G.E. Society, Akola on 12th March 2019.
