

Wall Magazine BESST (Biological and Environmental Studies with Social Temperament)

The Wall Magazine **BESST** (Biological and Environmental Studies with Social Temperament) is an innovative participatory learning project for B.Sc. Biology students. It is a launch pad for the student's creative urges to blossom naturally. As the saying goes, mind like parachute works best when opened. This humble initiative set the budding minds free allowing them to roam free in the realm of experience to create a living world in words. Our student authors have put across some amazing pieces of writing in this Wall Magazine.

Release of First issue of Wall Magazine BESST
