

## The project on “Fish diversity in Akola region”

B.Sc. II (Sem. III) students gathered the information of various fish species found in water reservoirs of Akola region. They completed the project on “Fish diversity in Akola region” under supervision of Dr. Archana S. Sawarkar. Handmade manual of this is released in the valedictory function of Wildlife week with the hands of Honourable Principal Dr. V.D. Nanoty and Honourable Mr. Suresh Vadode, Assistant Conservator of Forests, Forest Department, Akola.

Release of manual “Fish diversity in Akola region” with the hands of Honourable Principal Dr. V.D. Nanoty and Honourable Shri Suresh Vadode, Assistant Conservator of Forests, Forest Department, Akola.
