Report On “Blood Testing Camp” Organized On The Memorial Day Of Late Principal M.G. Joshi

(24/12/23)

Every year 24th December is observed as the memorial day of late principal M.G. Joshi at Shri R.L.T College of Science, Akola. On this day, many programs are conducted in the college. A blood donation camp is organized every year on this day and the donors are felicitated by the hands of the dignitaries. On this day, the achievements of students are also celebrated. They are felicitated for their performance in various curricular and extra-curricular activities with prizes awarded in the memory of many donors. It is also an important day for the alumni of the college as every year an alumni meet is organized on this day. Many alumni of the college visit the college and discuss about the development of the college and ways in which they can help in the upbringing of their alma mater. The department of Microbiology and Biochemistry also contribute to the day by conducting various events.

This year, the department organized a blood testing camp in collaboration with HindLabs Diagnostic Centre, Akola. Free blood tests for parameters such as Blood urea, urea nitrogen, SGOT, SGPT, Bilirubin, Creatinine, Hepatitis B, Blood sugar, HbA1C, Thyroid and Complete Blood Count were performed. The notion behind the testing camp was that these blood tests help in primary and important clinical diagnosis and provide details about the functioning of and disorders related to many organs such as kidneys, liver, and pancreas. Ms. Kanchan Mangtani (District Co-Ordinator, HLL), who is also an alumnus of the college, and her team collected and processed the blood samples. The reports were provided on the same day. Total 81 beneficiaries profited from this camp. Adv. Motisinghji Mohta (President, B.G.E Society, Akola), Dr. Pavanji Maheshwari (Hon. Secretary), Dr. V.D. Nanoty (Principal, Shri R.L.T College of Science, Akola) and other members of the B.G.E Society congratulated the organizing committee for conducting the blood testing camp. The post graduate students of Biochemistry & Microbiology volunteered in the camp. The organizing committee comprised Dr. H.S. Malpani, Ms. S.N. Gawande, Mr. S.A. Toshniwal, Ms. D.R. Goyanka, Ms. M.M. Deshmukh, Mr. V.S. Daberao, Ms. S.M. Ganorkar, and Ms. A.V. Jemini and other staff members of Department of Microbiology & Biochemistry. The camp was successfully conducted.
