Guest Lecture Organised by Photons Club Department of Physics, Shri R. L. T. College of Science, Akola.

Photons Club, Department of Physics, Shri R. L. T. College of Science, Akola had organised Guest Lecture on "An Introduction to Theory of Everything". The events were organised in collaboration with IQAC on Saturday 21st October 2023. The principal of the college Dr. V. D. Nanoty sir was present as a President and Inaugurator. Dr. Y. S. Tamgadge, Asst. Professor, Dept. of Physics, Shri Shivaji ACS college, Motala, Dist. Buldhana was a Guest of Speaker of the program. Dr. V. D. Nanoty sir inaugurated the Photons Club in the academic session 2023-24 by cutting the ribbon. He also motivated the students regarding curriculum activities under NEP-2020. After that Dr. Tamgadge gave the detailed information about the theory of everything in his lecture. He also explained how the theory would unify the two great bastions of twentieth century Physics - The general theory of relativity and Quantum Theory. A single theory that will unite all of science under one mathematical umbrella he said. A nearly 100 students benefited from the lecture. Convener of the program Shri P. P. Gedam, HOD, Dept. of Physics, coordinator of the program Dr. R. M. Agarwal, Dr. S. R. Jaiswal, Miss Puja Wanare and all students of Photons club, P.G. Department of Physics worked hard to success of the program.

Report on Educational Tour to CIIMS Research Centre & Gorewada Zoo, Nagpur

(06/03/24)

Educational tours provide students with valuable opportunities to learn outside the classroom, offering a range of benefits that contribute to their holistic development. They understand the application of theoretical knowledge in real-world settings, which helps bridge the gap between theory and practice, making education more relevant and meaningful. Dr. V. D. Nanoty, Principal, Shri R. L. T College of Science, Akola always encourages experiential learning and understands that visiting industries and research institutions exposes students to various career paths and this experience can help them make more informed decisions about their future studies and career choices. Under his vision and guidance, the department of Microbiology & Biochemistry of Shri R.L.T College of Science, Akola organized an educational tour for the students PG Microbiology & Biochemistry on 6th March 2024. The visit was planned to CIIMS Advanced Research Center, Nagpur and Balasaheb Thackeray Gorewada International Zoological Park, Nagpur. Total 35 students along with 10 staff members participated in the tour. All the staff and students assembled in the college campus at 5 am. The students were instructed and the tour began at 5:30 am, reaching Nagpur at 10:30 am. The brunch was arranged at Haldiram's Restaurant in Nagpur. After enjoying the delicious and filling brunch, the tour headed to CIIMS Advanced Research Center. The staff at the center welcomed everyone and gave a tour of all the sections of the laboratories. Ms. Abhaya Kanoje and Ms. Aditi Pathania, who are researchers at the center, assisted the students into the center. The students were first informed about various projects and research work carried out in the center along with the programmes and courses offered to the students which included hands-on training and skill building. Then the students visited the laboratories and were explained many high-end machines. The center consists of Microbiology, Molecular Biology, Animal Cell Culture, Immunology, Proteomics and Biochemistry laboratories. Each consisting of cutting-edge technology and efficient handling staff. The remarkable equipment included Next-Generation Sequencing, PCR, MALDI-TOF, Biosafety Cabinet, CO₂ incubator, and Anaerobic chamber. The students were explained the working of these equipment and about the current research work including development of Lateral flows in immunology and molecular biology kits and study of disease-causing

microbes and non-infectious disorders. After the lab visit, the students and staff had an interaction with renowned microbiologist Dr. H.F Dagainawala and Dr. Rajpal Kashyap (Director of CIIMS). They encouraged the students to work hard and learn new techniques, which will open new research avenues for them. They emphasized on building connections within the academic and research community that can be valuable for future educational and career endeavors. They also appreciated the efforts of the staff for exposing the students to the research.

After this enriching experience, the tour went on to the Balasaheb Thackeray Gorewada International Zoological Park for the 3:15 pm safari. The park is spread across a huge area of 539 hectare and is divided into various areas. The one-hour safari included Jungle Drive, Leopard safari, Sloth Bear safari, Herbivore safari, and Tiger safari. This was a good opportunity to witness the beauty of nature and its magnificent creatures up close in a near-natural habitat. The park is home to a variety of flora and fauna, showcasing the rich biodiversity of the region. Along with animals such as Tigers, Leopards, Sloth Bears, Spotted Deer, Albino Deer, and Barking Deer, the park has a diverse bird population. Students learned about different species, their habitats, and the importance of biodiversity in maintaining a balanced ecosystem. The tour guide also gave insights about various animals, their behaviours, and the conservation challenges they face. They also informed about environmental issues, climate change, and the impact of human activities on wildlife and ecosystems. After the safari, high-tea was arranged at the Gorewada garden. The students enjoyed the tea and expressed their delight to the staff. After starting from the park at 5:30 pm, the tour reached the college campus at 10:30 pm. The tour was successfully organized and conducted by the efforts of Dr. H.S Malpani, Ms. S.N Gawande, Mr. S.S Solanke, Ms. J.A Gite, and all teaching and non-teaching staff of Microbiology and Biochemistry.

DEPARTMENT OF BOTANY

Report on
Educational Visit
of
B. Sc. II and B. Sc. III (Botany)
To

National Environmental Engineering Research Institute
(CSIR-NEERI), Nagpur

on
22th February 2024

INTRODUCTION

The National Environmental Engineering Research Institute (NEERI), Nagpur was established in 1958 as Central Public Health Engineering Research Institute (CPHERI), when environmental concerns were limited to human health with a focus on water supply/sewage disposal/ communicable diseases and to some extent on industrial pollution and occupational diseases. The chemical and biological solutions to address these problems were simple, though challenging. However, slowly worldwide public awareness on the contamination of environment on regional to global scale started getting attention in 1970's. Shrimati Indira Gandhi, the then Prime Minister of India, rechristened the Institute as National Environmental Engineering Research Institute (NEERI) in the year 1974. National Environmental Engineering Research Institute (NEERI), Nagpur is devoted to research and innovations in environmental science and engineering besides solving a range of problems posed by industry, government and public.

Purpose of Visit

- ❖ To discuss with the Scientists on the research ideas pertaining to environmental and industrial pollution and their remedies.
- ❖ To understand the working of state-of-the-art instruments being used to study research problems.
- ❖ To understand the opportunities available in NEERI for Under Graduate students.
- ❖ To understand overall working of CSIR Laboratory.

Visit to CSIR-NEERI Audio Visual

The visit was started with the introduction of CSIR-NEERI at the Auditorium at 11.30 am by audio visual presentation. In that audio visual section, establishment of CSIR-NEERI, past and present research work of CSIR-NEERI was explained. CSIR-NEERI working on sewage water treatment, NEERDHUR, Green Crackers, WAYU, NEERI-ZAR'. CSIR-NEERI also helps to Government dream project such as Namami Gange, Swachh Bharat etc.

Green Crackers-CSIR-NEERI has been working since January 2018 for developing new and improved formulations for reducing emissions from fireworks. CSIR-NEERI developed new formulations for reduced emission light and sound emitting crackers (SWAS, SAFAL, STAR) with 30% reduction in particulate matter using Potassium Nitrate (KNO_3) as oxidant.

Visit to Harit Sangrahalaya

After informative presentation, we move to Harit Sangrahalaya at 12.00 pm. In Harit sangrahalaya models, charts and demonstration of various projects were seen and explained by Mr. Mohtaseen Ahmad (Researcher Scholar). Model, Charts, Demonstration of experiment and instruments present in Harit Sangrahalaya are

- Common effluent treatment plant
- Municipal solid waste plant
- Low cost automatic mechanical flusher
- Phytoid technology for sewage treatment
- Single pass photo catalytic reactor for de-colorization of textile effluents
- Solar electrode flouridation plant
- Iron removal plant
- Hydroplume –high rate secondary clarifier.
- NEERDHUR
- Green Crackers
- NEERJAR

Visit to Harit Sangrahalaya

Air Pollution Control Division (APCD)

Then the students move towards Air Pollution Control Division (APCD). It is one of the major R & D division of CSIR-NEERI. Research in air quality management by inventory, monitoring, prediction, simulation, data analysis and control is within the domain. Emission inventory followed by dispersion modelling using state-of-the-art models like AERMOD and CALPUFF for impact identification.

Monitoring of pollutant is aimed towards regulatory compliance and receptor modelling objectives. This laboratory is well equipped with analysers for chemical speciation of particulate matter. Source apportionment studies using CMB of ambient air PM has helped reveal several challenging tasks particularly for coal mine area and industrial sectors. Here a research scholar demonstrated the air sampler with its working, principle and application.

Visit to Technology Park (SHWMD)

In Technology Park, we seen solid waste i.e. garden waste converted into powdered form, process of shrinking of waste thermocol, energy from red mud waste. Various research scholars explained the demo experiment about waste management i.e. converts various waste into energy and useful products. This section of waste management motivates our students to think about conversion of various waste into useful products.

Visit to Ecology and Biodiversity

Finally, at 01.30 pm students visited Ecology and Biodiversity Park. In this park Dr. Lalsingh, Sr. Scientist, CSIR-NEERI explained importance of plants for maintaining ecological balance. He also focused on scope of Botany for various industries and entrepreneurship etc.

After CSIR-NEERI, students also visited Maharaj Bagh Zoo and Biodiversity Park. There students observed flora and fauna conserved in captivity. Students observed many rare plants like *Couroupita guianensis*, *Guaiacum officinale*, *Adenonia digitata*, *Saraca indica* etc. Students also observed various animals like tiger, leopard, bear, otter, crocodile and many birds.

In this educational visit, total 54 students from B. Sc. II and B. Sc. III (Botany) participated. This visit was undertaken by the inspiration of Dr. V. D. Nanoty, Principal, Shri R. L. T. College of Science, Akola and under the supervision of Mrs. V. N. Badgujar, Head, Department of Botany. Dr. P. M. Khadse, Associate Professor, worked as an In-charge teacher of B. Sc. III and Dr. A. A. Sangole, Assistant Professor, as an in-charge teacher of B. Sc. II. Mr. Shailendra V. Madavi, Assistant Professor, worked as Co-ordinator of this tour. Mr. R.S. Dandnaik and Satish Shirsat and various teaching, non-teaching staff took efforts for the success of this visit.

Educational Study Tour Report (2023-24)

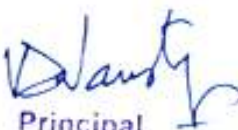

In order to inculcate scientific temperament among the students, The Department of Chemistry organized an educational visit of BSc II (B1, P4) students to Leben Laboratory Pvt Ltd, MIDC, Akola, on Thursday, March 7, 2024. All the students and staff were assembled in the chemistry Laboratory where Dr. P. T. Agrawal, Head Department of Chemistry had addressed the students before leaving the college. We reached the spot at 3.00pm, our visit coordinated by Rahul Sir, Visit Co-ordinator Leben Lab. Akola and his team. In all 38 students and Dr. Pravin Kawle, Teacher Incharge, visited all the divisions such oral liquid, Raw material, R&D and manufacturing division. After the visit, high-tea was arranged for the students by the coordinating team. Rahul Sir, Visit Co-ordinator. Leben, praised the students for their discipline throughout the visit. We reached the college campus at 5.15 pm. This educational visit was organised by **Dr. Pravin R. Kawle**, Asso. Professor, Department of Chemistry as a teacher in charge expresses thankfulness to respected Principal, Dr V. D. Nanoty Sir for his guidance and Head Department of Chemistry, Dr P. T Agrawal Madam for her support and appreciates students for their active participation.

All the students expressed gratefulness to our respected Principal Dr. V. D. Nanoty sir for giving permission to organize the educational visit.
